

DIE GRINDERS

MODEL: SP-2200

1/4" dr Straight Mini Size Die Grinder

Length: 120mm
 Speed: 28000rpm
 Capacity: 6.35mm
 Air Con: 465L/min max
 326L/min average
 Weight: 0.32kg

Trade: \$149

MODEL: SP-1210

1/4" dr Straight Standard Size Die Grinder

Length: 145mm
 Speed: 23000rpm
 Capacity: 6.35mm
 Air Con: 603L/min max
 422L/min average
 Weight: 0.54kg

Trade: \$180

MODEL: SP-2200AH

1/4" dr 90 Degree Angle Head Die Grinder

Length: 160mm
 Speed: 21000rpm
 Capacity: 6.35mm
 Air Con: 506L/min max
 354L/min average
 Weight: 0.56kg

Trade: \$155

MODEL: SP-1207AH

1/4" dr 120 Degree Angle Head Die Grinder

Length: 155mm
 Speed: 21000rpm
 Capacity: 6.35mm
 Air Con: 506L/min max
 354L/min average
 Weight: 0.45kg

Trade: \$330

MODEL: SP-7200

1/4" dr Straight Type, Industrial Soft Grip Die Grinder

Length: 153mm
 Speed: 23000rpm
 Capacity: 6.35mm
 Air Con: 500L/min max
 350L/min average
 Weight: 0.41kg

Trade: \$220

MODEL: SP-7201

1/4" dr 90 Degree, Industrial Angle Head Die Grinder

Length: 160mm
 Speed: 20000rpm
 Capacity: 6.35mm
 Air Con: 505L/min max
 354L/min average
 Weight: 0.55kg

Trade: \$290

MODEL: SP-7202

1/4" dr 120 Degree, Industrial Angle Head Die Grinder

Length: 194mm
 Speed: 20000rpm
 Capacity: 6.35mm
 Air Con: 505L/min max
 353L/min average
 Weight: 0.56kg

Trade: \$345

SP DIE GRINDERS can be used in a wide range of applications such as gasket and silicone removal from heads, blocks, thermostat housings and water pumps to engine porting including intake manifolds, cylinder heads and exhaust manifolds as well as a wide range of deburring and grinding applications using stones and carbide burns.
